$400,000 INCREASE

School Budgets Near 2 Million

New Teachers Main Cause For Boost

It will cost almost $2,000,000 to educate Washington Township youngsters next year.

This is the estimate of local educators, as disclosed by 10 budgets published today for the Township's 10 public school districts.

The budgets total $1,984,466 — almost $400,000 more than the $1,594,535 sought last year. Public hearings on them start next week.

They reflect accurately the growth that has come to local classrooms in the past twelve months, and they forecast the swollen shape of things to come.

Largest budget, $498,984, was submitted by Washington Union High School. In 1953-4, the district budgeted $445,725 and actually spent $468,296 — the extra money coming from increased property values and subsidies from State and Federal governments.

Most of Washington HI's estimated increase comes from an augmented staff to handle the big enrollment and the new annex, slated to open in January. Teaching salaries and expense is set at $277,394, compared to $250,000 in the year just concluded.

Capital outlays were cut to $12,777 against $24,027 last year.

District taxes should run $287,700 this year, measured against $258,928 in 1953-4. Higher assessed values, plus 7.2 cents in recreation and employe-retirement taxes account for this boost. The basic district tax stays at 75 cent per $100, since voters refused to raise it at the May 21 election.

In 1951-2, total budgets were $1,160,137; in 1952-3 they hit $1,341,520. The budgets for the coming year almost double those of 1951-2.

By elementary district, budgets ran:

ALVARADO: $81,594, compared to $60,639 expended last year. District taxes will rise to $45,900 against $26,386 last year. Salaries and related expenses are up $4500, transportation $3680, and capital outlay will be $10,000 compared to $219. Hearing: August 3, 7:30 p.m.

ALVISO: $29,577 versus $29,566 last year. District tax estimated at $15,355 versus $14,869. Hearing: August 3, 8 p.m.

CENTERVILLE: $245,310 against $186,206 spent last year. District taxes of $59,850 against $50,114. Teaching salaries and expense $146,000 versus $94,943. Plant operation $22,000 compared to $16,259. Transportation $11,000 versus $7,416. Capital outlay $31,000 gainst

NILES MERCHANTS 'LOAN' SIGN TO BUILDER, SCAN PARKING OFFER

Niles merchants decided Tuesday to:

1. Allow Dan Bodily, home builder, to use the town Essanay sign for advertising his new Shinn Orchard tract,

2. Investigate a lease on a 50-stall parking lot on First Street from the Southern Pacific, and

3. Purchase $300 worth of trash cans, with the cost perhaps defrayed by merchant advertising on the sides.

Bodily had asked for use of the sign because he said he was unable to obtain a suitable location north of town along the Hayward highway. He said he wants to "sell Niles" on the billboard, as well as Valle Sierra Homes, his 150-home tract.

Edward E. Enos warned this might set a precedent, and asked the 20 merchants present in Nello's if they would be able to turn down other advertisers after granting Bodily's request.

Howard Mitchell, president of the local Chamber of Commerce, termed the issue "dangerous." It was pointed out that the sign was bought from proceeds of the Essanay Days celebration in 1953, and as such might be considered semi-public property.

However Bodily was backed by a majority of those present. On a vote, a single "no" was recorded.

Bodily said he plans to invest "between $2,000,000 and $3,000,000" in the subdivision. He promised to return the sign to the town in one year, with any type of civic advertising painted on it that the merchants' committee desires.

President E. C. Parks reported an out-of-town salesman wants to furnish trash-cans for Niles' streets in return for being allowed to sell ads on the can sides. It was pointed out that Niles would have no control over the type of ads thus displayed however.

A committee consisting of Caesar DiGiulio, R. L. Travis and Clarence Golden was authorized to spend up to $300 to purchase trash cans, bearing the slogan "Keep Niles Clean", and also to negotiate with local merchants to see if they are willing to "sponsor" the containers by paying for their own ads on them. Frank Brown declared DiGiulio's committee would be able to control the ads.

Vernon Ellsworth reported that four months ago, the Southern Pacific offered to lease a strip of land on First Street opposite the bank for parking. However, he added, since the railroad wanted $30 a month rent, the offer was not followed up.

Parks said he will name a committee to contact merchants and see if they would support the expense to get 50 or 60 extra parking stalls.

WHO'S COMPETIN' WITH WHO?

Competition turns up almost anywhere, the Niles Chamber of Commerce decided (all in fun) this week.

At Tuesday's chamber luncheon, discussion centered on use of the town's highway sign, advertising Niles as an early movie mecca, a sign which Builder Dan Bodily wants to use temporarily for his new tract.

Secretary Vernon Ellsworth displayed a lease with the Southern Pacific—which owns the billboard property—in which the railroad specifies that "no competitor" to the railroad shall be allowed to use the sign.

Quoth Dr. Tom Wilson:

"Maybe we can't lease it to Bodily. You know, lots of folks sleep in boxcars around here."

Amid chuckles, the chamber ratified the agreement with the subdivider.

CATHOLIC CHURCH BUYS 12 ACRES AT IRVINGTON

Purchase of a 12-acre site north of Irvington is being negotiated for a new Catholic Church, school and convent, the office of Archbishop J. J. Mitty disclosed Tuesday.

Location of the big plant will be in the Copeland Ranch, on the east side of the Irvington-Centerville highway.

The purchase marks the first step toward establishment of Irvington's first Catholic Church, archdiocese officials in San Francisco said. Further details will be announced shortly.

Currie Child Dies

Anne Elizabeth Currie, 11 months old daughter of Lillian and Mac A. Currie of Irvington died Monday in a San Francisco hospital. She was the sister of Mary, 4½ years, and Margie, 2½ years. She was born in Alameda.

Services were held Tuesday at Chapel of the Palms, Centerville, with Rev. Tom Fuhr officiating. Interment was in Oak Hill Cemetery, San Jose.

MISSION SAN JOSE TO GET MUSEUM

Mission San Jose, the Township's most historic community, is to have a museum, come Saturday.

"Tourists often ask me after they've seen the Mission of San Jose de Guadalupe (founded in 1797) what else there is to see in town," says Miss Olive Hyde, gift-shop owner. "Now we'll have something to show them."

Miss Hyde, member of a pioneer San Francisco family, who spends part of her time in Mission, is establishing a free public museum in a vacant shop she owns at 105 Irvington Road, next to her corner store.

It will feature Oriental art objects and ship models collected over a lifetime by Miss Hyde and her two sisters, recently deceased.

The exhibits will not be for sale. They will be open to public view Wednesdays through Sundays from 1:30 to 4:30 p.m. Donald E. Myers will be in charge of the museum.

S.F. BANK BUYS SITE FOR $100,000 IRVINGTON BRANCH

The San Francisco Bank last week announced plans for a $100,000 bank building in Irvington.

Carl M. Christensen, manager, said the institution will build a new structure on 96-foot frontage recently acquired west of the bank's Broadway parking lot.

A 60 by 100-ft. building is planned, Christensen said. It will include more parking space and a rear entrance for depositors.

A 100-year-old house now occupies the property. Formerly the site of the county branch library, it was owned by Mrs. Anna VanBuskirk and Mrs. Florence Thomas.

Reported price for the property was $20,000.

The 30-year-old present bank structure probably will be leased or sold, Christensen said.

A Neighbor's View

ASHLAND INVITES STUDY OF 'BOROUGH' CITY IN TOWNSHIP

The leader of a cityhood movement in Ashland this week invited his Washington Township neighbors to take part in studies aimed at a "borough" form of city government.

Gerald Cochran, speaking to the Centerville Chamber of Commerce, said he didn't expect the Township to join distant Ashland, Castro Valley and San Lorenzo Village in their cityhood try. But he thought Townshippers might find a solution to their tax-and-government problems if the proposed town of "Bay City" finds one.

He hinted a "contract arrangement" for services might be the answer.

Cochran said 110,000 people live in the unincorporated area between San Leandro and Hayward. He declared:

"We've seen the handwriting on the wall. We feel we could get enough in State subventions to pay for services like police and fire.

"There are too many people for the Supervisors to administer, so they just take care of the essentials, and we would have had to tax ourselves very heavily to get anything more."

Contracting with the county, Cochran said, he believes taxes in "Bay City" will drop 50 cents per $100, because of dense residential population, which draws heavy State aid.

And he declared that in a conversation with the Supervisors last week, "they told me directly they favor the idea." Cochran added his committee has asked the Supervisors to establish procedures and costs for setting up a "contract city," such as Lakewood, near Long Beach.

Under such an agreement, the new city could contract either with the county or with private firms to handle protection or construction. He said it is proving successful in Lakewood, incorporated last April.

In "Bay City," Cochran went on, residents believe a borough form of government will be ideal: outlying towns like Castro Valley and San Lorenzo Village could join as boroughs, maintaining their identity through "borough councilmen", and still gaining the advantages and economies of the larger "Bay City", on whose council they also would be represented.

"Maybe Hayward could save taxes by becoming a borough of Bay City," Cochran suggested. "It would eliminate duplication in municipal services."

Cochran was invited to the luncheon by Dan Irwin, acting president of the Centerville Chamber.

Bargaining Goes On At Niles Steel Mill

Contract negotiations continued this week at Pacific States Steel Corp.'s Niles mill.

E. C. Thomas, mill superintendent, said the CIO Steelworkers' Local 3367 has asked for changes paralleling the recent Big Steel settlement, with pay boosts and other benefits totalling 9½ cents an hour.

Thomas said the company is asking "a few changes in working conditions and job classifications." The contract expires July 31, but Thomas denied union spokesmen have said they "would or would not" continue working after that date.

'ONLY MEMBERS WITH VISION'

Money, Program Said W.T.C.C. Need

Three "specialists" this week diagnosed the illness of Washington Township's Chamber of Commerce as lack of gold in the bloodstream, complicated by allergy to aggressive programs of Township improvement.

Summoned to the ailing body's bedside Monday night by chamber directors, the "doctors" prescribed:

1. Surgery to cut the directors from the eight towns' apron strings,

2. A healthy injection of new members, attracted by a progressive program of civic betterment which the new people would help formulate, and

3. A vitamin-packed dues scale, designed to bring operating revenues of at least $1000 per month.

Present Township Chamber income is about $165 a month, of which $150 is supplied by a County subsidy.

The experts, giving directors the advantage of their know-how in a two-hour, coats'-off session, were Dave Silverman, assistant secretary-manager of the Oakland Chamber of Commerce; Roger Anderson, manager of the Hayward Area chamber; and Philip Breck Jr., public-relations consultant.

Silverman's first suggestion was that bylaws (revised in February) be revised again to prevent the traditional appointment of one director from each town. He said this makes the directors so responsible to feelings of provincialism in each town that it destroys their ability to think Township-wide.

"You must face your basic decision, including Township incorporation," advised Breck. "Organize around a core that's in accord on the probable pattern of development, then work toward it.

"Now, there's no clearly-defined purpose for the Township Chamber of Commerce. Therefore many people figure there's no excuse for it."

Silverman stressed that the first need is "a program you can sell to the people." Declared Anderson:

"You don't have a real chamber of commerce operating anywhere in the Township. They're just improvement clubs. Not one has any financing, any staff. You need a minimum of $1000 a month, and since the towns can't raise it separately, it must be raised on a Township basis.

"Get yourself 50 directors — let them bring money and members."

Anderson added that present dues ($5 per person, $20 per town a year) are "far too low." He said lack of interest "is due to the fact people don't pay enough to recognize the value" of a central chamber.

Breck pointed out predictions for a Township of 150,000 people in 15 years, said it is "exciting" to think of coping with "problems here before they arise", before the area is split forever into eight separate towns, fighting each other. He advised:

"Never mind if you lose a few members. Your membership should be only the people who have vision to see the Township develop as a whole."

Developing their recommendations step-by-step, the trio advised:

1. A committee, probably the present chamber directors, to analyze local needs, make broad recommendations.

2. This group to invite "your most progressive farmers, businessmen, industrialists to sit in at a meeting, develop a program, fill in the details".

3. Adopt a budget, sell memberships, hire a secretary, develop "a climate here favorable to industry."

Silverman said the Alameda County New Industries Committee, part of the Oakland Chamber, already is trying to bring factories

HEAT CUTS PHONE CALLS TUESDAY

The mercury, which hit 97 in Washington Township on Tuesday, also caused a 20-minute shutdown in intertown and long-distance telephone service here.

Fifty operators at the Hayward office of the telephone company left their posts at 4:30 p.m., complaining of the heat, although company spokesmen said air conditioning apparatus was "functioning perfectly."

The girls didn't return until 4:50 p.m. Meantime supervisors answered calls with the words:

"Due to a work stoppage we can accept emergency calls only."

Manager Doug Smith said he is probing cause of the interruption.

CONWAY-CULLIGAN MUST TAKE WATER FROM DISTRICT

The north section of Conway & Culligan's big Irvington Square tract was approved by the Alameda County Planning Commission Monday with the proviso that Conway & Culligan take water from the Alameda County Water District.

The subdividers have resisted contracting with the district for water, claiming they don't feel obligated to pay for mains in the tract.

Architect Guy Rosebrook, representing Conway & Culligan, agreed to the condition on the basis that the entire issue of water supply for the 1200-home tract be aired before the County Supervisors on Thursday.

Atty. Walter Knox, for the water district, said he will hold his arguments against Conway & Culligan's proposal to drill their own wells until today's hearing.

Safecrackers entered the Associated Oil office on Vallejo Street, Niles, Tuesday night and pried open a floor safe to extract $1700, of which $1600 was in checks, the sheriff's office here reported yesterday.

AROUND TOWN

The Newark voters brought good news to the school district last week when they approved the 28-cent-per-$100 tax increase by a substantial margin. The front-page writeup in the News & Register last week contained the information that this will add $100,000 to the district's income. That figure is slightly high as a 28 cent increase will add less than $20,000 to the district's income.

Good news came in bunches for the school district when, on top of the tax increase, the State gave preliminary approval to the $377,795 school allocation for the new school. Now if they could only get started and finish it by September wouldn't the world be rosy? . . . okeh . . . we're dreaming.

Talking about dreaming . . . this gal was really in high gear on her birthday last week while putting on her own private fashion show at Fay's. There were so many lovely dresses that it was hard choosing the one (two, dear, two), okay it was hard to choose the best and it was good to hear the guy say to Fay, "wrap up the Lady Alice dressy affair and that summery red and white check." Happy birthday hon!

When this summer is over we should be able to write a book on the fun of touring the great old U. S. A. because our Newark neighbors are certainly getting around this summer. Although it might make some of us 'stay-at-homes' a little jealous, it if wonderful to hear of all their experiences and sights they saw. (Some we can print.) Newark is the meltinng pot of the nation right now as we discover state after state represented by our friendly neighbors, answering the urge to visit relatives all over the country.

Roy and Evelyn Jensen and their young sons, Roy Jr. and Larry went East through Salt Lake City and the Black Hills to Watford, North Dakota where they enjoyed a pleasant visit with Evelyn's folks, Mr. and Mrs. Oluf Erickson, and other relatives. Their itinerary called for a return trip through Montana where they visited Roy's parents, Mr. and Mrs. Laurits Jensen, in Sidney. Then a leisurely drive home (almost) through Billings, Spokane and Portland as far down as Willits where they were the front end of a rear end collison. They were shaken up but not enough to spoil the memories of a grand vacation.

It's certainly been a busy month for Gene and Wanda Lewallen and boys down in Casa Grande, Arizona. The latest visitors down their way were Arlon and Leva Sudbury and Arcy Dean who spent an enjoyable stay with them as they followed the shade around. Mrs. Inez Sudbury and son Lonnie returned home with Arlon and Leva after staying a whole month with the Lewallens. Now that things have subsided back to normal, Gene can get those cotton-pickers back on the ball.

Sam Scott found a way to escape the pressures of his many responsibilities by hopping aboard a Trans-World Airlines plane at San Francisco Airport and winging his way east. Destination: Grand Rapids, Michigan where Sam enjoyed a visit with his sister, Mrs. William T. Reeves Jr.

Harry and Opal Bishop had themselves a sceneful trip as they enjoyed visits to the Grand Canyon, Painted Desert, Petrified Forest and Flagstaff in Arizona and the Carlsbad Cavern in New Mexico on their way to Big Springs, Texas where they spent ten days visiting with Opal's daughter, Mrs. Jack (Beverly) Durham. They also zipped back and forth into old Meyheeco two or three times and stopped in Las Vegas on the way home to see the glitter of the Strip.

David and Sarah Seifert and children, Joyce and David had a pleasurable two weeks vacation. Highlight of their trip (sightseeingwise that is) was a visit to Yellowstone. However there were other attractions too . . . a four day visit with Sarah's sister and family, Mr. and Mrs. Art (Lydia) Rohn in Riverton, Wyoming . . . a three day visit with her brother and his family, Mr. and Mrs. Herman Weinmaster and children in Mitchell, Nebraska . . . then a couple of days in Scottsbluff, Nebraska visiting David's brother and family, Mr. and Mrs. George Seifert.

Everett and Marge Milani and son Gary didn't get out of California during their two weeks but they did pick a beautiful spot for their camp. They went to Coulterville first

and joined Marge's brothers, John Mentzer and Clinton Mentzer and his family, Gaynell, his wife and their son Clint Jr. and Alberta Jeffrey before going into Yosemite where they set up camp at Middle Fork. There they enjoyed the great outdoor life and plently of fresh trout dinners . . . mmmmmmboy!

Art and Madeline Silva really have a winter-time supply of conversation material saved up from their experiences on their eastern trip. After viewing the sites of Washington D.C., they drove to Clifton, Virginia where they visited with Madeline's sister, Dr. and Mrs. Chester Smith for two weeks. From there the four of them Choochooed up to New York, and took in all the places of interest.

Mr. and Mrs. Frank Costello, Billy and Ruth, dropped in on Ardel and Marge Young and son Demmy, for a visit recently. The Costellos hail from Redding.

While enjoying a vacation trip down our way, Mr .and Mrs. William Jensen and daughters, Billie Ann and Linda of Spokane, Washington were weekend guests of the Roy Jensens.

Irma Brown and daughter Georgia and Mary Gastelum and son Gene enjoyed a four-day weekend basking in the sunshine of Santa Cruz.

Fred and Mildred Armstrong and daughter, Evelyn enjoyed a Sunday and overnight stay at Lake Tahoe when they went up to call for their daughters, Lillian and Marilyn who were at the Presbyterian Choir School camp.

Joseph and Violet Saculla and son Michael of Stockton were weekenders in our town visiting with the David Seiferts and Leonard Browns.

Ed and Margaret Mello and family recently enjoyed having Mr. and Mrs. Pete Scharf of Fresno as their guests for a few days of visiting.

Just prior to her wedding to Mathew Freitas of San Jose, Shirley Foley was honoree at a wedding shower hosted by Mrs. Dorothy Scott and Mrs. Mabel Wright on a Friday evening at Calvin Hall. Gifting the bride-to-be were: Mesdames Minnie Clay, Ruth Lambert, Roberta Kious, Maude Grace, Anna Kious, Marilyn Potter, Anna Cotton, Mabel Callow, Lesda Brown, Lillian Hildebrand, Esther Tonner, Evangeline Muller, Helen Rievere, Sadie Smyrl, Margaret Fyffe, Emma Blacow, Grace Hodges, Hermenia Cunha, Edwina Harrison, and her mother, Josephine Foley. The Misses. Anna Mae Fyffe, Vesta Rievere, Edith Ross, Marjorie Callow, Marjorie Cotton, and Emily Jane Scott completed the guest list.

Leonard and Laura Lucio spent the first week of their vacation in and around Reno and the second week "resting up" at home.

A CHANGE OF VALUES

What we want to know is, how can anyone get any work done in the summer? There are so many more important things to do.

First of all, the kids are out of school, and it is absolutely necessary that the small ones learn to swim and the older ones learn to fly-fish. Such responsibilities are infinitely more pressing than keeping books and sending out bills.

Then there are the long cool evenings on the porch. Sure, there is study to be done, there are meetings to attend, there are reports to write. But summer time is visiting time, and when friends drop in, work properly takes a back seat.

Finally there are trips of exploration to the mountains and the seacoast: what machinery compares in importance to the workings of sun, woods and water? If our product seems a trifle off-grade these days, if it isn't as trim and organized as you'd like, lay it to a changed sense of values. Changed by summer's lazy magic, as the hills change color and the streams turn warm.

Softball Gets 2d Wind, Wedgewood Cops Pair To Stay Unbeaten

Second half of the Washington Township Softball League got underway last week with league-leading Wedgewood picking up two more wins.

In Monday evening's opener, second-place V.F.W. scored seven times in the second stanza to defeat Kraftile, 9-3. The Vets collected only three hits in the game but thirteen walks adied their cause.

Orangeburg was forced to forfeit the nightcap to Quality Meats.

Tuesday night saw Cabrillo Park turn back U.S. Pipe, 7-2 in the opener. The Pipemen jumped off to an one-run lead but Cabrillo rallied in the top of the fifth for four runs, which proved enough for victory. Joe Lopez hurled the win for Cabrillo, striking out seven and scattering three hits. Paul Badger paced the winners with three hits in four trips.

In the nightcap, top seeded Wedgewood knocked over third-place Warm Springs by a 2-1 count.

The contest was a tight pitcher's duel. Wedgewood's Ernie Chitwood scattered three base hits while striking out of 17 batsmen, while Garcia allowed four hits and fanned five.

Wedgewood won the ball game in the second stanza on leftfielder Cas Babean's two-run single. Chitwood had a no-hitter going until the fifth when Garcia garnered a scratch single. Warm Springs' lone run came in the last frame on Garcias's second single and Feliciano Galvan's long double.

Righthander Gene Johnson hurled Wedgewood to a 9-2 win over U.S. Pipe in Thursday night's opener. Johnson allowed only three baseknocks while his teammates pounded Pipe chucker Joe Sanchez for ten safeties. Joe August paced the winners with three hits in three trips, including a three-run homer.

Veterans of Foreign Wars clobbered last-place Orangeburg in the nightcap, 20-7, in five innings.

READERS WRITE US

Editor, Sir:

I have been wanting to write you to express my heartfelt thanks to the people of Niles.

Since my accident people I don't even remember have called the hospital to inquire about my condition.

I have tried to think of a way to show them all my appreciation for all the cards, gifts, inquiries, visits and all those who donated blood for me which was so badly needed, and this is the only way I could think of doing it.

I am happy to let all the wonderful people of Niles know how deeply I feel about all the wonderful things they have done.

Sincerely
Mrs. Don Allan
Alameda Hospital

Editor, Sir:

The courtesy you extended the Washington Township DeMolay Club by publicizing our organizational meetings has helped create the interest necessary to form a DeMolay Chapter in Washington Township. We thank you, and from the response we plan to be instituted a chapter in September.

It is our intent to emulate the fine service you are providing Washington Township and hope in the future we can be of service to you and the Township.

Yours very truly,
Richard E. Gillett II

Editor, Sir:

In contract to Correspondent McKee, may I say that your anti-McCarthy editorials are the best of your recent production. In common with him, I admire the vigor and reasoning of your editorials — even when I disagree, which is fairly often.

You have been at your best in analyzing Wisconsin's "knight in shining armor" who would save us (via his own formula which must be right because its his) — in spite of ourselves — from the demons of communism.

It's rather pathetic, I think, the way some of the old McCarthy diehards parrot, with complete naivete, such hackneyed cliches as: "McCarthy's only crime is trying to alert us to the infiltration of communism" following the plaintive wail that anti-McCarthyism demonstrates the strength of communism in this country.

'Taint so, friend McKee, but if you haven't found it out by now, its probably too late to prove it to you. Happily, the majority of Americans have learned the truth by now. Anyhow, Mr. McKee and I can agree that our friend Nixon is a pretty good editorial writer."

here. Anderson asserted that the Township Chamber's job should be to cooperate with that group, and: ". . . **to build a base for a desirable community: one with adequate recreation, churches, water supplies, zoning. It takes all these to get industry to make the final decision.**"

Breck said he didn't think the Township Chamber should indulge in political battles, but added that it shouldn't avoid "consideration of conflicts between the 31 overlapping tax districts you have here."

He said their "overhaul" should be the new chamber's Number 1 project.

Anderson suggested as a basis for election of new directors a modification of the Hayward area plan, whereby each section is allowed one director for each 10 members, up to a total of five directors.

Township Chamber Pres. Manuel Hidalgo said he will ask his directors to discuss the proposals further next Monday night.

Mrs. H. T. Ludemann and children spent two weeks in Idaho recently visiting with Mrs. Ludemann's parents, Mr. and Mrs. R. A. Bodenhamer of Eden. They also made a stop-over in Reno to visit friends. Son Jerry stayed in Idaho to spend the remainder of his summer vacation with his grandparents.

Mr. and Mrs. Harry Park Larry an Jim, returned Sunday from a four-day camping trip near Hetch Hetchy in the Sierra. Their eldest son, John, stayed on at nearby Diamond-O Boy Scout Camp for a two-week outing.

Glenmoor Homes has under option property below Blacow Road which extends roughly from the Santos home to where Eggers Drive will be, and, in a southerly direction, to where the freeway will go through. Construction of new homes on this site will start in about sixty days.

Mr. and Mrs. John Beumer and children, Kathryn and John, returned last week from a five-week motor trip which took them as far as Detroit, where they visited with relatives. The Beumers visited points of interest along the way including the Great Salt Lake, Great Salt Lake Desert, Rocky Mountain National Park and Yellowstone Park.

Mrs. Lenore Meyer entertained at bridge July 21 at her home on Glenmoor Drive. Regular members of the bridge club present were: Mrs. Genevieve Swenson, Mrs. Marguerite Nolte, Mrs. Myrle Ludemann and Mrs. Inez Wootton. Club guests were: Mrs. Lita Rassmussen, Norris Road; Mrs. Fran Clark; Sterling Drive; and Mrs. Arlene Dubeque, who soon will be moving into her new home on Whitfield Ave. Mrs. Clark won high score and Mrs. Nolte, low.

Added to the good news that the first unit in Glenmoor Garden's shopping center, the U-Save Market, will have its grand opening about September 15, is the further welcome news that plans for the next section of stores are now under way. According to James R. Meyer, building should start within a month or two. This second unit will consist of a drugstore, hardware, barber shop, beauty shop and cleaners. Mr. Meyer states that the merchants who will be running these stores are all "alert, responsible business people and that the stores will feature high-quality merchandise and services for reasonable prices." This store unit will probably be ready for opening about January 1 and should prove an asset to the entire Township as well as to Glenmoor Gardens. The druggist will be William Wishart who previously operated a drugstore at the Redwood Shopping Center, Castro Valley. The hardware store will be operated by Carl Deisenroth who presently has a hardware store in the Ashland District, san Leandro. The Township Cleaners will have a pick-up agency in the new center. The cleaning work will be done in their Irvington plant. The beauty operator will be Mrs. Erna Johnston who is already a resident of Glenmoor Gardens Mrs. Johnston and her husband, Johnny, by the way, enjoy the distinction of being the very first people to move into Glenmoor Gardens. The Johnston home is on Glenmoor Drive. The barber will be Charles Tait who is at present working in an Oakland shop.

Mr. and Mrs. Norman Weed, Carol and Jerry, left Saturday to spend a week at Lake Tahoe.

Mrs. W. V. Huth and son, Johnny, are visiting with relatives in Portland, Oregon. Mr. Huth will be leaving for Portland shortly to join his family and spend some vacation time there.

Al Clark celebrated his nineteenth birthday Saturday with a small dinner party given by his parents, the Walter Clarks, at their home on Norris Road. Friends on hand to wish him a happy birthday were Dino Ramacciotti, Central Avenue; and Richard Pennington, Norris Road. Following the birthday dinner and the opening of the gifts, the boys attended the special show sponsored by Job's Daughters at the Center Theater. Al, incidentally, is in the Naval Reserve and reports each Tuesday evening to reserve drill in Alameda.

The new model home at 440 Whitfield Avenue opened Sunday. Those of you having friends whom you would like to entice into moving to Glenmoor, should certainly take them to see it; the house will sell itself! It was furnished by the Jackson Furniture Co., Hayward, who suuccessfully combined Colonial cheeriness with modern comfort and serviceability. Outstanding features include the counter-top range and wall oven, separate laundry with space for home freezer, living room and birch-panelled family room separated by a large double fireplace with both rooms opening onto patio area, 2½ baths, master bedroom with sliding door to patio and, of special interest to the ladies, an ample amount of storage space. Several other homes on Whitfield are also open for inspection, all so attractive as to make the selection of one a difficult choice indeed!

Here and there: The Charles Pintos have been vacationing in the mountains. The Thomas Brooks family is spending the summer in Placerville . . . Tommy Penner recently spent a week visiting with his aunt in Sunnyvale . . . The Joe Meadows family vacationed in Salt Lake City . . . Several ladies helped with the rummage sale given in Hayward July 22 by the Centerville Presbyterian Church . . . Michael Clark, son of Dr. and Mrs. L. L. Clark, is going to summer school in San Lorenzo and is also taking golf lessons at Castlewood Country Club.

During 1953, 3,121 girls from 7 to 17 participated in the program of the Girl Scouts, a United Crusade youth service.

International Institute, a United Crusade service for the foreign-born and their children, issues a complete Community Services Directory to help these people adjust to their new home.

SHELL NH3 SERVICE
puts 82% Nitrogen fertilizer
...directly in the
ROOT ZONE

Shell NH_3 applied this way can bring yield increases up to 50% or more. A return to growers of $4 for each $1 spent is the rule rather than the exception.

Over 500,000 NH_3 field applications testify to the unequaled experience behind this Service. And Shell makes sure you get the benefit of this experience on *every* application.

Your local Shell NH_3 Service Dealer brings trained men and specially designed equipment to your place. Your fertilizing is handled with scientific precision...you save on operating costs...and with Shell NH_3 you can be sure you get *full value* from your nitrogen fertilizer dollars every time.

Nitrojection Service®
...employs Shell-approved equipment to inject this nitrogen-rich NH_3 at *root zone* depth. Here NH_3 combines with the soil immediately. Cultivating and fertilizing become one job.

Either type of Shell NH_3 application is handled by local men who know crop conditions in your area. Through these men you benefit by Shell's unmatched experience in root zone fertilizing.

Tract Denied

Denial of an 80-acre subdivision tract for 411 home sites near Irvington was recommended last week by the County Planning Commission.

Mack Wilson and Jorgensen, the subdividers, proposed to develop the lots "of 5000 square feet or more" west of Irvington-Warm Springs Road.

The commission recommended the denial, "without prejudice," in order to give the subdivider time to submit another map including "solutions for proper storm-water drainage."

The subdivider also will have to apply for a rezoning of the area from agriculture, as adopted last month by the Board of Supervisors, to residential.

More than 150,000 boys and girls were served by United Crusade youth services during 1953.

Infant Succumbs

Gonzalo Cabral, 3-months-old son of Teresa and Juan Cabral, died suddenly Monday at the home of Mrs. Victoria Guidino, 530 Fourth Street, Decoto, who was caring for him. The baby was born in Mesilla, New Mexico.

Services will be held today from Chapel of the Palms in Centerville. Interment will be in Holy Ghost Cemetery, Centerville.

Church Barbecue

The Women's Societies of the Presbyterian Church are planning a chicken barbecue to be given, Saturday August 7, from 5:30 p.m. to 7:30 p.m., at the home of Mrs. Franklin Brown, Lincoln Road, Newark.

The barbecue will be open to the public. For reservations call, Mrs. R. O. Grace, Newark 3-3722 or Mrs. L. C. Serafino, Newark 3-3838.

'REALISTIC, NECESSARY'

United Crusade Sets $3,856,236 Goal, Nearly Million Above '53

Selmer H. Berg, 1954 East Bay United Crusade chairman, this week announced $3,856,226 will be the objective of the October Crusade and described the figure as a "realistic and necessary budget to meet the pressing health and welfare needs of the people of our community."

Crusade officials said the 1954 figure, $1,119,236 more than was raised in the East Bay last year, has been the subject of months of study and discussion among members of the Admissions and Allocations Committee, Crusade campaign leaders and agency representatives.

They said the issue involved in the discussions has been whether to adopt a budget based upon actual and pressing community need, or to go out for a lesser compromise figure. The former view was accepted.

Dr. Milton Chornin, dean of the School of Social Welfare, University of California, and chairman of the Admissions and Allocations Committee, said the campaign objective represents the "bare-bone, minimum needs of our agencies."

"The original requests of our agencies which totaled $4,181,664 could very well have been justified," he said. "However, we have pared them to the minimum."

To conduct its third campaign in the East Bay this year, the United Crusade will raise funds for 108 agencies serving the people of 55 communities in Alameda County and Central Contra Costa County.

The $3,856,236 United Crusade goal is based upon these budgets, negotiated by the agencies and the Admissions and Allocations Committee: Arthritis and Rheumatism Foundation, $17,625; American Cancer Society, Alameda County Branch, $129,786; Alameda County Heart Association, $86,643; American National Red Cross, Alameda, Berkeley and Oakland Chapters, $534,561; United Defense Fund, $120,000; East Bay Federation of Community Chests (four chests and 73 local agencies), $2,232,450; Contra Costa County agencies, $148,979; Pleasanton Township agencies, $6,000, and Alameda County Mental Health Society, $16,000.

The figure also includes United Crusade administration, $335,000; allowance for collection losses, $175,000; reserve, $45,000, and membership dues, $9,192.

"We in the East Bay are pioneering when we accept this kind of realistic goal," Berg said. "We want the public to know what the actual needs are, to understand the increasing health and welfare problems of this rapidly growing area.

In addition to such Crusade services as the Cancer and Heart funds, the Salvation Army, Children's Hospital, Red Cross, Family Service Eureau, Catholic Social Service, Boy and Girl Scout and Campfire Girls, Washington Township last year benefited directly from Crusade funds as follows:

W. T. Emergency Relief Fund, $200; Alvarado Mothers Club, $250; Mission Mothers, $250; Irvington Youth Center, $500; Mission San Jose Youth Center, $300.

Dates for the local drive will be announced shortly by Don DeForest, Township Crusade chairman.

Scout Barbecue In Mission August 8

Steak is on the menu at the barbecue being held by the newly-organized Boy Scouts of Mission San Jose on Sunday, August 8 from 3 to 6 p.m.

The event will be held at the Washington Township Sportsmen's Club in Mission San Jose and is open to the public.

Among the activities scheduled for the afternoon are games, raffles, bingo, and demonstrations and contests among the Boy Scouts.

The Mozzetti Brothers will parade in their antique cars throughout the Township Saturday, August 7 and sell tickets to this benefit.

Troop 1 of Mission San Jose was organized May 11 with Lee Moore as Scoutmaster and Jim Applebury as assistant scoutmaster.

ADOPT PUP, AID BLIND PROJECT

Anybody want to adopt a cute German Shepherd puppy for about nine months?

The offer was made here today by Mrs. James Whipple of Overacker Avenue, chairman of Guide Dogs For the Blind in Washington Township.

Mrs. Whipple explains that the puppies, carefully selected by the organization, need a period of care and affection with an interested family before embarking on a career of training for guiding blind persons.

Often 4-H club members take in the pedigreed pups for a 4-H project, the chairman added.

LIONS SPEARHEAD DRIVE FOR $4000 SCOUT CENTER IN CENTERVILLE

Centerville Lions and their Boy Scout pals are readying a campaign which they hope will bring the scouts a $4000 clubhouse.

Plans were announced last week for the building to be erected in the rear of the present Centerville Elementary School.

It will house Troops 1 and 2, the Explorer group, and Troop 3, which is to be formed sometime in August, according to Philip Brazil, publicity chairman for the drive.

Val Tuchsen heads the finance committee for the drive, and Jim Logan is building chairman. Logan says plans for the building closely parallel those of the new Presbyterian Hall. The Lions will spearhead the fund drive.

Of prefabricated construction, the new Scout Hut will measure 24x60 feet, and will include a kitchen and storage space later.

Date for commencing the drive awaits preparation of legal papers by the district attorney's office, since the Scouts will lease the site from the school.

Philip Sousa heads the organizing campaign for Troop 3.

WELCOME!

Newcomers to the Township are Mr. and Mrs. Larry Jones, 1454 Lafayette, Hillview Crest, who moved here from Redding. The Jones have four children, a boy and three girls.

Mr. and Mrs. Cliff Blackett moved to 265 Elliot Street, Centerville, from Hayward. They have two girls. Mr. Blackett is with Mitchener Realty Company, Oakland.

Here from San Francisco are Mr. and Mrs. Rex Brunner, who have moved to 248 Glenmoor Court, Centerville. They have 2 sons and 2 daughters. Mr. Brunner is employed as a salesman for Drug Supply House, San Francisco.

The Robert Schirrmacher family of Niles moved here from Placerville. He is employed as a machinist for Druge Brothers, Oakland. They have a son, Ray, 11.

In their new home at 407 Hazelwood, Centerville, are Mr. and Mrs. Carmine Potro, who moved here with their two daughters from Oakland. He is a postal clerk in San Leandro.

Hayward Flower Show

The Veterans' Memorial building in Hayward will be the mecca of flower lovers on August 6 and 7 as the 9th Annual Flower and Plant Show of Southern Alameda County Branch of the American Begonia society takes place.

Planning exhibits of African violets will be E. E. Hammond of Irvington and Ruby Alberts of Newark.

The show will open at 3 p.m. on Friday and close at 10 p.m. On Saturday, 10 to 8 p.m. There will be no admission charge.

At 8 p.m. on Friday there will be a fashion show and at 7 p.m. on Saturday the cash awards will be presented to winners.

The floral event is being sponsored by American Legion, Post 68, and Hayward chapter, Disabled American Veterans.

A capacity crowd can always be counted on at the annual pot-luck dinner of International Institute, a United Crusade service for the foreign-born, because of the lure of unusual European and Oriental dishes.

SUZY SEZ...

It'll help on your cross-country trip this summer if you'll stop at least once a day in a city park, rest and nap while the children play.

Signs of progress in Irvington include those fields where the only living thing in sight used to be jack rabbits. Now they are full of houses.

Question for new home owners: If you have toddlers, have you found the way to unlock the bathroom door from the outside? Better check on it.

Somehow I don't mind paying bills so much if there are cartoons on the cash register.

A mother of one says an advantage to a small family is that dishes need doing only once a day.

Then there's the Township woman who says she has three colors of hair on her head. The original brown, henna-red, and grey. She says she doesn't dare stop dyeing.

A Newark mother uses the noon siren there as a lunch-is-ready signal and the children come running at twelve on the dot.

Could the dips and bumps on the new freeway be blamed on a bad case of hiccups?

Was her face red! I mean the Niles lady who forgot to shift from low gear in a borrowed car. Her's is automatic.

I wonder if she meant me when the Township beauty operator said her biggest problem is women who ask for fancy haircuts, then fail to comb and set them correctly.

The extending of Lincoln Road in Newark would be very welcome, and even more so, the extending of Santos to Niles. The latter would go through someone's house, however.

An Irvington man who sleeps days ignores all the household noises, but the minute they whisper he wakes right up.

I agree with a Glenmoor mother who says her most frequent plea since her children are teenage, is, "Give me strength to stand the know-it-all attitude."

I wonder if the fellow who constantly brags about his donating work and materials to a local church, deducted it from his income tax? They have the bill to prove he didn't donate a thing.

The offer of a builder to finish several houses without inner partitions so that they could be used for classrooms is a good one, and more developers should do it, as long as schools are in short supply.

Pardon my laugh of glee! While I was going a sedate 45 miles in the new speed zone on Highway Nine, one of the major agitators for a reduced speed zipped by me doing at least 55!

So long . . .

WHAT'S DOING

S. D. Smith, your Telephone Manager in Alvarado

No extra charge for repairs

Your telephone is ruggedly built and doesn't often need repairs. In fact, it's so easy to take care of that about all you have to do to it is dust it once in a while and see that its cords don't get twisted. But if it ever should need fixing, please let an expert from our office do it for you. After all, your telephone is one thing in your home that's repaired and maintained at no extra charge to you. This is one way we protect its usefulness to you . . . to make, and keep, your telephone a real bargain in your family budget. **Pacific Telephone works to make your telephone a bigger value every day.**

Call ahead for reservations

You're off to a good trip when you line up hotel or motel reservations ahead of time. And what better way than by telephone? It only takes a minute or two . . . costs but little. So, when planning weekend vacations . . . or while driving to your overnight stop on longer trips . . . why not call ahead and make sure the rooms you want will be waiting when you get there. You'll be surprised at how little it costs to have the peace of mind that will make your whole trip more fun.

Two easy ways to enjoy even better telephone service

First, when you have a series of calls to make, it's a good idea to take a few minutes out between them, instead of placing one right after the other. By spacing your calls, you'll give other people a chance to get in touch with you. And the calls you receive are often just as important as the ones you make. Second, before making a call, please look up the number if you're doubtful about it. By using your directory, you'll get the right number the first time you call. Saves you time in the long run. **Pacific Telephone.**
